Name: .....

Host: .....

Last Day with Host: .....

*To help us improve the Ohio Agricultural & Horticultural Program (O.A.H.I.P), we would like your assistance and suggestions in evaluating the program. The questionnaire covers two general areas: how well the program objectives are being achieved and how well the program is being operated by The Ohio State University.*

*Feel free to add comments, both positive and negative. We like to hear good comments, but very little is gained by them. Negative statements, while not pleasant, are the basis for motivation and change.*
